

## Supplies:

### Week 1:

80-100g (2.8 – 3.5 oz.) wool tops-Merino is recommended

Embellishment fabrics and Fibres (optional)

### Week 2:

30g (1.01 oz.) Merino wool tops/breed one

15g-20g (½ to ¾ ounce) of different wool tops/breed two

Few scraps of lightweight fabric/lengths of yarn

\*Please Note: The weights/measures for the wool are a rough guide. Different breeds will weigh different amounts covering the same area. It'd be helpful to have more wool than recommended, just to be cautious.

## Equipment:

### Necessary:

Work surface protection

Soap

Tub for water

Sponge

Bubble-wrap

### Recommended:

Netting (highly recommended)

Rubber shelf liner/bamboo mat

Old towels

Paper for drawing a template

### Useful:

Dowel

Microfibre towels

Absorbent cloths

Have a look around the house to see what you already have available. Maybe some old net curtains or nylon sheets in the back of a wardrobe, a broken broom handle in the shed or garage, a mountain of bubble-wrap and brown packaging paper in the junk cupboard ☺ Most supermarkets or grocery stores have lots of waste bubble-wrap in the fruit and veg section and don't usually mind it being taken.
