

## **Tools and Supplies for Free Motion Stitching on Felt**

Sewing Machine with ability to lower feed dogs (please make sure that your machine is ready to sew, has no obvious issues with straight sewing, cleaned and serviced recently.)

Sewing Machine Manual

Free Motion or Darning Foot (needs to fit your specific machine)

Cotton or Rayon Machine Threads in a Variety of Colors

Machine Hoop (either one that comes with your machine or one that will fit under darning foot)

Water Soluble Fabric

Sew and Tear Fabric Stabilizer – such as Sulky Tear Easy

Sulky Sticky Fabri-Solvy – optional – printable for transferring design

Wool Roving or Batt – at least 2 ounces

Finished Felt Pieces – to add stitching, start with small samples before attempting to add stitching to larger “finished” piece

Pre-Felt

Water Soluble Marking Pen

Sewing Machine Needles – size 90 embroidery, topstitch & metallic (start with new needles)

Heavy Fabric Stabilizer – optional – such as Peltex Ultra Firm Stabilizer

Dye-Na-Flow Paint – optional – for painting stitched fabric stabilizer samples

Heavy Weight Cotton Fabric – optional

Fusible Web – optional

Tracing Paper
